Subject: Reclamation Surety Required, Century Mine, M0030048, Task ID# 1666, Box Elder County, Utah

Dear Mr. Dart:

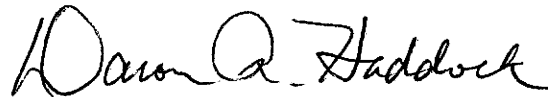

The Division finds your Amended Notice of Intention to Conduct Small Mining for the Century Mine complete. This amendment was received by the Division on January 2, 2007, and entailed changing the permitted area from 5 acres of disturbance to 1 acre of disturbance. This acreage change is consistent with the current disturbance at the site. The Division understands that you will provide a new project map with the surety.

Prior to conducting mining related activities, you will need to provide a reclamation surety and reclamation contract for this site and receive Division approval of the surety. The reclamation surety is determined to be \$5,400.00 for the 1-acre project. Please submit the reclamation surety and Reclamation Contract within the next 30 days.

The reclamation surety can be submitted in one of several forms, including cash, an irrevocable letter of credit, a certificate of deposit, or a surety bond. Please contact Beth Ericksen at (801) 538-5318 or e-mail bethericksen@utah.gov for assistance in completing this requirement.

Thank you for your cooperation to help finalize this permitting action. In reply, please refer to file number S/003/0048.

Sincerely,

for
